Why the **Levene EMBA** is the right choice for **your business.**

Realize immediate impact from advanced skills.

The Levene EMBA is designed for professionals to apply new concepts directly to their roles, ensuring immediate benefits for your organization. Whether it's streamlining workflows or driving strategic initiatives that produce sustainable growth, the Levene EMBA helps your employees address your real-world business challenges in real-time. As they integrate what they learn into their daily work, the workplace becomes a dynamic environment for testing advanced ideas, leading to sharper decision-making and more effective strategy execution.

Make sense of a complicated world.

The Levene EMBA is designed to equip professionals with the tools to forecast and deconstruct the diverse complexities in the macro business world and to see the interplay of the parts. This could include shifting positions on tariffs, trade agreements and interest rates, any number of factors that impact projections and alter business models. These tools provide lead time to think through issues and develop contingencies.

Enhance your employee's leadership and innovative strategic thinking.

The Levene EMBA challenges your employees to refine corporate culture to align with your organizational goals. Through hands-on learning, they'll refine their ability to navigate ambiguity and lead with clarity in a world increasingly defined by AI. Graduates emerge with a sharper understanding of team dynamics and a toolkit for driving cohesive, impactful results. This is particularly valuable for industries navigating change, where adaptable leaders are essential.

Get a positive return on your investment.

The Levene EMBA delivers measurable returns by equipping employees to tackle complex, high-level tasks in-house, reducing reliance on external consultants. By addressing real organizational priorities through targeted projects and case studies, the program ensures solutions are aligned with your goals. Employers gain from enhanced profitability, operational efficiency, and reduced costs associated with leadership development, making this investment one that pays dividends – quickly and sustainably.

We help experienced leaders step back from the daily grind to see the bigger picture. Through theory, real-world dilemmas, and peer-led discussions, they assess challenges holistically, lead change effectively, and drive meaningful results.”

Associate Professor, Leadership and RBC Women in Leadership Research Scholar

Cultivate innovation and fresh perspectives.

Professionals in the Levene EMBA are immersed in the latest business trends, frameworks, and technologies, which they immediately apply to your organization. Through collaborative projects, and cross-industry insights, they challenge the status quo and introduce innovative solutions. This culture of innovation can drive breakthroughs in product development, service delivery, and competitiveness, positioning your business for sustained success.

Strengthen your succession planning and continuity.

The Levene EMBA equips your employees with the mindset and skills needed for increasingly senior leadership roles, ensuring a robust succession pipeline. Whether preparing for expansion or leadership transitions, the program aligns employees with your culture and strategic direction. This reduces disruptions and ensures continuity, making your organization resilient and well-prepared for the future.

Increase employee retention and loyalty.

By investing in the Levene EMBA, you demonstrate a commitment to your employees' growth, fostering loyalty and reducing turnover. High-performing employees are more likely to stay with an organization that supports their aspirations, saving costs associated with recruitment and onboarding. This investment also enhances your reputation as an employer of choice, attracting and retaining top talent in a competitive labour market.

About the Levene EMBA

The Levene Executive MBA is a transformative program designed to fit into your employees' busy work lives while elevating their abilities to lead today and tomorrow.

Tailored for busy professionals

The Levene EMBA is built to meet the needs of busy professionals, making it easier for your employees to balance work responsibilities with their education without missing large stretches of in-office time. In fact, the program is designed to deliver value to your business while your employee participates in the EMBA program. The 18-month program features classes on six Fridays and Saturdays per semester and two weeks with five full days of classes each. There is also a one week international tour with an international partner institution.

Capstone project

The Capstone project aligns with your organization's priorities by focusing on a real-world challenge or opportunity. Employees work on projects that directly address your strategic needs, delivering actionable recommendations or solutions that provide tangible returns on your investment in their education.

Diverse cohorts

The program's diverse cohort fosters cross-industry collaboration and builds an expansive professional network for your employees. This exposure to new perspectives and experiences cultivates adaptive, forward-thinking leaders who can navigate complex challenges and drive collaboration across teams and industries.

Global exposure

The international study tour provides your employees with a global perspective by immersing them in diverse business environments and connecting them with top global leaders. This exposure equips them to bring international best practices and innovative strategies back to your organization, strengthening your competitiveness in a globalized economy.

Expert faculty

Your employees will learn from a team of seasoned academics and industry leaders who bring cutting-edge knowledge and practical experience. The curriculum, rooted in current business trends and challenges, ensures your team gains advanced skills that will drive innovation and enhance organizational performance.

High value investment

The Levene EMBA delivers remarkable value for your investment. The tuition fee includes the full tuition for the entire program, all textbooks, on-campus parking, the international study tour (including accommodations and flights) plus breakfasts and lunches throughout the program, whether on-campus or abroad. The tuition fee can be paid in full or over three installments.
